

# Feed Validation Service

Check the syntax of Atom or RSS feeds

## Sorry

This feed does not validate.

- [line 15](#), column 4: Undefined author element: username (3 occurrences) [[help](#)]

```
<username>sbondorf</username>
^
```

- [line 17](#), column 11: email must be an email address: (3 occurrences) [[help](#)]

```
<email></email>
^
```

In addition, interoperability with the widest range of feed readers could be improved by implementing the following recommendation.

```
<p data-sourcepos="1:1-2:23" dir="auto">Add a double space&#x000A;line break ...
```
